Interview Experience

I had Senior Manager to Interview me, It started this way

1. Hi Varun , How are you. How are all at your End , I Replied with smiling face " All are doing fine" I had sigh of relief
2. Introduce Yourself

He introduced himself and shared about his position.

3. I told him about the projects
4. Asked me About the technology I used doing the same and why.
5. Then the next question was "Why DXC". I had researched about the company and current projects that they work on. He added in the end that they are mainly into cloud technologies

and automation and data visualization.

6. What are the short term and long term goals

7. what are strengths and weakness

8. why should we hire you.

Scenario Based Question

1 . What if your working in a team and your leader is harsh and rude to you.

2. How would you manage new place and new people.

9. What are your hobbies?

Since I said Chess, I was asked about recent grandmaster.

10. Will you relocate in the future?

11 . Have you any question from me?

And that's how it ended up
